

## rotation

Sophie Cates

Don't keep me on rotation  
Like I'm that metro station  
Record that I bought you on my  
Last Euro summer vacation  
Don't keep me on rotation  
Fuck what those girls are playing  
My CDJs are looping  
Focus on communication

You got that stupid look on your face  
Begging you to hear me out  
But you're not, not  
Uh, I see the other girls you're messing with  
Whenever I go out  
Want it to stop, stop

And then you  
Pull me in just like this  
And then you  
Shut me up with just one kiss  
But I just gotta say it to you

Don't keep me on rotation  
Like I'm that metro station  
Record that I bought you on my  
Last Euro summer vacation  
Don't keep me on rotation  
Fuck what those girls are playing  
My CDJs are looping  
Focus on communication

You been touching me at the perfect time  
Just when I'm about to ask you why  
You're fucking with her then me then lying  
But your touch got it slipping my, slipping my mind  
Saw that pic of you two online  
Told me that you wouldn't drive to the East Side  
Made a remix of me saying goodbye  
Play it one two three four five six times

And then you  
Pull me in just like this  
And then you  
Shut me up with just one kiss  
But I just gotta say it to you

Don't keep me on rotation  
Like I'm that metro station  
Record that I bought you on my  
Last Euro summer vacation  
Don't keep me on rotation  
Fuck what those girls are playing  
My CDJs are looping  
Focus on communication  
Focus on communication
