

Take a Turn

Sophie Hunger

Bear your escapades
I know you've made mistakes
But a hidden heart will be very hard to take

Move your tired feet
You don't need to compete
But a heedless heart will be very hard to need

Take a turn
Shake off the dirt
Take a turn
Shake off the dirt

Don't scorn your crazy fires
Don't teach yourself denial
A heart that beats must repeat itself

So throw your shoulders back
Clench your fist, look up
You will be somebody's love

Take a turn
Shake off the dirt
Take a turn
Shake off the dirt
