

## Day Dream

Sophie Milman

Daydream, why do you haunt me so  
Deep in a rosy glow  
The face of my love you show

Daydream, I walk along on air  
Building a castle there  
For me and my love to share

Don't know the time, lordy  
I'm in a daze  
Sun in the sky, while I moon around, feeling, hazy

Daydream, don't break my reverie  
Until I find that he,  
Is daydreaming just like me

Don't know the time, lordy  
I'm in a daze  
Sun in the sky, while I moon around, feeling, hazy

Daydream, don't break my reverie  
Until I find that he,  
Is daydreaming just like me
