

Ah L'amour

Sophie

I remember all the time with you
My only direction you
Love me do
Make me high tonight in Paris

Stay with me, tonight I'm so crazy baby
Your sweet lady
Let me be
And your love will be forever
Now and ever

Ah l'amour
Super sex desire
Movin' on your heart on fire
Keep my lovely fantasy
Ah l'amour
Super hot emotion
Take me high with love sensation
Make me now in ecstasy

Through the city light I stay tonight
The sound of this river now
Make me high
Wonderful the spring in Paris
