

Lost

Sorcha Richardson

It's over, you're lying on a cold shoulder
Let's do whatever to forget her
She's leaving you, just let her
'Cause you're better off
Come over, if you don't want to then we won't stay sober
Penny's working at the bar, we can go dressed just how we are
Forget that girl who broke your heart

Oh, I don't want to see you waste another day
Your heart break, your heart break
I don't want to see you waste another day

I've seen you, be the life and soul
Of every party that you go
I know it's dark inside your head
Replaying everything that she said
So come out with me instead

Oh, I don't want to see you waste another day
Your heart break, your heart break
I don't want to see you waste another day

I know it's sad baby, come on we can dance it off
Everybody's feeling lost, everybody's feeling lost
I know it's bad baby, come on we can dance it off
Everybody's feeling lost, everybody's feeling lost

I don't want to see you waste another day
Your heart break, your heart break
I don't want to see you waste another day

I wanna see you at your best
Come out and feel it in the flesh, oh
I wanna see you at your best
And it's okay to be this way but you don't have to be forever

I know you're sad baby, come on we can dance it off
Everybody's feeling lost, everybody's feeling lost
I know it's bad baby, come on we can dance it off
Everybody's feeling lost, everybody's feeling lost
I know you're sad baby, come on we can dance it off
Everybody's feeling lost, everybody's feeling lost
I know it's bad baby, come on we can dance it off
Everybody's feeling lost, everybody's feeling lost
