

## Oh Oscillator

Sorcha Richardson

You're singing a song  
'Bout a girl you used to see  
I lay my head on your shoulder  
And you sing one about me  
This is never gonna be  
Baby you're always on the road  
Your bedroom walls are blank  
And your bedsheets are cold  
It's starting to get light  
So I'll stay here tonight  
Even though we both know  
We should really say goodbye

Here we go again sweet oscillator  
Say goodbye forever, what you doing later?  
Here we go again sweet oscillator  
We gotta quit it cause I don't wanna hate ya

I heard you were in town  
Just the other day  
I thought you might have called  
But what's there left to say  
You were once my friend  
Before we ever spent  
All that time last summer  
In each others beds  
So drive out to the dessert  
Get higher than the sun  
You're not the only one I think about  
You're not the only one

Here we go again sweet oscillator  
Say goodbye forever, what you doing later?  
Here we go again sweet oscillator  
We gotta quit it cause I don't wanna hate ya

But when I see you, I don't mean to  
It's a cycle we're back to your house again  
When I see you, I don't mean to  
It's a cycle we're back to your house again

Here we go again sweet oscillator  
Say goodbye forever, What you doing later  
Here we go again sweet oscillator  
It's a cycle we're back to your house again
