

## Wesleyan's Best Dressed

### Sorority Noise

So give me all of your attention  
I'm starving for affection  
So I'm swallowing my words to keep myself alive  
When you said I'd be better off dead  
I swore I'd change your mind

Well it's been 3 years and I'm still alive  
And if you ask me to be all of your dreams  
I'm sure I'll let you down  
I'm sure I'll let you down  
Cause I can't be everything I said I'd be  
Always lying through my teeth  
Always lying through my teeth

It's been 8 years since  
I felt 13 again  
And I'm morally obligated to tell you how I feel  
And I feel like giving up

You know I'm at my best  
When I'm at my worst

Writing songs about finding ways to disappear

I promise that I'll only ever let you down  
Promise me that you would do the same  
I promise that I'll only ever let you down  
Promise me that you would do the same

And if you ask me to be all of your dreams  
I'm sure I'll let you down  
I'm sure I'll let you down
