

# Vulcano

Sorry Boys

Nobody is perfect  
And I know you think I'm not  
Rather things seem to be different  
Much different than we'd want  
When in Rome, I'm not a Roman, am I?  
Dancing on a crater  
It's only human nature

I am sitting on a volcano  
I am watching how days go by  
I am sitting on a volcano  
And I am waiting for the next Big Bang  
Oh oh, what a life!  
Not ashamed of myself!  
As nobody is perfect  
Not ashamed of myself!  
As we all make mistakes

Nobody is perfect  
And I hope you see we're not  
Make me feel like I deserve to be  
The apple of your eye

Oh oh, what a life!  
I am sitting on a volcano  
I am watching how days go by  
I am sitting on a volcano  
And I'm waiting for the next Big Bang  
Oh oh, what a life!
