

# I Miss The Fool

Sorry

Fall to the floor, wait for the drop  
I miss the fool that I loved  
I just wanna laugh, but I can't  
I just wanna laugh, but I can't

I miss the only fool that I want  
To laugh at my heart  
And call me out  
When the jokes that I make are not on

Tender and coarse  
Tender and coarse  
Tender and coarse  
Tender and coarse

Fall to the floor, please make it stop  
I miss the dreams that we're compiled of  
You in the park  
With your frayed flower dress on

I miss the only fool that I want  
To dance with my heart  
And twirl it apart  
Twirl it apart

To dance with my heart

I can't keep you safe, but I can in this song  
It makes me weep as it saunters along  
I can't see your face, but I can in this song  
I play it on loop till it won't play on  
I can't hear your laugh, but I can in this song  
I'll try my best to just laugh at this with you  
I'm tender and coarse (I'll try my best)  
Empty but free (I'll try my best)  
Tender and coarse  
Empty but free  
Tender and coarse (I miss the fool that I loved)  
Free  
Free

I miss the fool that I loved  
I miss the fool that I love  
I miss the fool that I loved
