

Lace

Sorry

Lace, you're like lace
All I taste
Tangled 'round my place
You're like lace
You're like lace, lace

You're like gum
Taste it 'til it's numb
Pop, pop like my gun
You're like gum
Gum
You're like gum

You're like me
Just too blind to see
Caught in what could be
You're like me

You're like gum
Gum
You're like gum
Gum
Lace, you're like gum (Lace)
