

## Ode To Boy

Sorry

Play a note or two for me baby  
Say yes, say yes, not maybe  
Maybe one day I'll call you round  
When I'm not so  
Upside down

Play a note or two for me baby (Ooh)  
Say yes, say yes, not maybe (Ooh)  
Maybe one day I'll call you round (Ooh)  
When I'm not so  
Upside down (Ooh)

This is an ode for you, baby  
Please sing with me too, baby  
This is an ode for you, my boy  
This is an ode for joy  
'Cause there's no joy

Can we talk it through  
Like adults  
Adults seem to do things that work  
Better than we've done these deeds  
I'd like to still grow up with you, please

Hope you're somewhere safe, baby  
So I can safely say that, maybe  
You'll be on your way back soon  
Say it's true  
'Cause you know I love you

You know I love you  
You know I love you  
You know I love you  
You know I love you

This is an ode for you  
You know I love you  
This is an ode for you 'cause  
You know I love you  
This is an ode for you  
You know I love you  
This is an ode for you  
'Cause you

This is an ode for you, baby  
Please sing it with me too, baby  
This is an ode for you, my boy  
This is an ode for joy, for joy

This is an ode for you, baby  
Please sing it with me too, baby  
This is an ode for you, my boy  
This is an ode for joy  
'Cause there's no joy
