

## Perfect

Sorry

Oh devil where have you gone?  
In retrospect, I didn't do my best  
Oh devil where have you gone?  
In retrospect you never do your best  
Just pick it up and pack it in  
And pick it up and pack it in  
Just pick it up and pack it in  
And pick it up and pack it in

'Cause you're perfect, perfect

It's your choice  
You know where the door is  
It's your choice  
'Cause you know where the door is  
It's your choice  
You know where the door is  
D'ya know I adore you?  
Just know I adore you

6, 5, 4 (Pick it up and pack it in)  
It's your choice  
Just know I adore you (Pick it up and pack it in)  
It's your choice  
Just know I adore you (Pick it up and pack it in)  
It's your choice  
Just know I adore you  
D'ya know I adore you? (Pick it up and pack it in)  
Just know I adore you

Oh devil, where have you gone?  
In retrospect we haven't done our best  
And devil, where have you been?  
Nothing is left of my self-esteem  
'Cause you're perfect  
I'm not worth it  
And I'm perfect  
You're not worth it  
Just pick it up  
Just pick it up

It's your choice  
You know where the door is  
It's your choice  
Just know I adore you  
It's your choice  
You know where the door is  
D'ya know I adore you?  
Just know I adore-

6, 5, 4 (Pick it up and pack it in)  
It's your choice  
Just know I adore you (Pick it up and pack it in)  
It's your choice  
Just know I adore you (Pick it up and pack it in)  
It's your choice  
Just know I adore you (Pick it up and pack it in)

D'ya know I adore you?  
Just know I adore you
