

# Prickz

Sorry

I dip right in  
My pearly teeth on your skin  
It's paper thin  
My babe, my fling, my darling  
My babe, my fling, my darling  
My babe, my fling, my darling

It's only love while it lasts  
This hourglass will never hold enough sand  
So let it drain

Skin  
Skin  
On your skin

I tear right up  
When I think of your pinprick of love  
It's overdue  
You owe me, I owe you

It's only love while it lasts  
This hourglass will never hold enough sand  
So let it drain  
It only pains while it can  
This hourglass will never hold enough sand  
So let it drain

Skin  
You owe me, I owe you  
You owe me, I owe you
