

# Starstruck

Sorry

And you did it again  
Starstruck  
And you did it again

I don't talk the small talk you do  
You're the phantom and I'm the fan but  
I don't play quite like you do  
You're the diamond

And the games are on  
And they're pretty full on  
The games are on  
And they're pretty full on  
Pressure, poets, priceless smiles  
Cutting edge entertainment  
Foolish antics, antique evenings  
Fragile, frugal, breaking even  
Uppers, downers  
All around us  
Uppers, downers  
All around us

(Ugh) And you did it again  
(Di-di-di-di) I'm starstruck  
And you did it again  
(Di-di-di-di) Starstruck (Di-di-di-di) (Starstruck)

Temper tantrums, western boys  
You're the expert, no I wouldn't question why  
You're the looker, liquor, sugar  
And I'm the rotten apple of your eye

Pressure, poets, priceless smiles  
Cutting edge entertainment  
Foolish antics, antique evenings  
Fragile, frugal, breaking even  
Uppers, downers  
All around us  
Uppers, downers  
All around us

(Ugh) And you did it again  
(Di-di-di-di) I'm starstruck  
And you did it again  
(Di-di-di-di) Starstruck (Di-di-di-di) (Starstruck)

(Ugh) And you did it again  
(Di-di-di-di) I'm starstruck  
And you did it again  
(Di-di-di-di) Starstruck (Di-di-di-di) (Starstruck)

I am just your muse  
Nothing more, nothing more, than a four letter word  
I am just your muse, just your muse (Muse, muse, muse)  
Nothing more, nothing more, than a four digit score  
I am just your muse, just your muse (Muse, muse, muse)  
Nothing more, nothing more (Di-di-di-di)

(Ugh) And you did it again  
(Di-di-di-di) And I'm starstruck  
And you did it again  
(Di-di-di-di) Starstruck (Di-di-di-di) (Starstruck)

(Ugh) And you did it again  
(Uppers, downers, all around us)  
(Uppers, downers, all around us)  
(Di-di-di-di) I'm starstruck (Ugh)  
(All around us, uppers, downers, all around us)  
And you did it again  
(Uppers, downers, uppers, downers, uppers, downers)  
(Di-di-di-di) I'm starstruck  
(Uppers, downers, uppers, downers, all around us)  
(Uppers, downers, all around us)

(Di-di-di-di) Starstruck (Di-di-di-di)
