

Swans

Sorry

Swans, upside down
In the waters
Lookin' up
Float like ribbon, dive into me
Float like ribbon, dive into me
There's a shark in the water that I can't see
Like swans, lookin' up
Upside down, swimmin' around (I can't see)
In their ponds with lily pads
On cotton clouds, no, on cloud nine

Like a swan
Your head held high
Like you're on a podium all the time
Your rubber soul, keep clownin' around
Beatin' your feathers and expectin' a sound

Like swans
Blend into me
Float like ribbon, it's easy
Like swans
Dive into me
Float like ribbon, it's easy

Like a swan

Float like ribbon, dive into me
