

Adios amigo

Die like a cowboy, cowboy
D-D-Die
Cold like a reptile, icy in his heart
Die like a cowboy, die like a cowboy does

Make like a Mayfly, fly for the day
Go into the home and start to decay
Make like a mayfly, fly for the day
Go into the home and start to today
Could be our day today
Could be our day

Die like a cowboy, boil as a dog
Barks at anything that threatens to do us part
Cold like a reptile, icy in his heart
Python in the mix of things choking me
Start finding gold on my own
Start finding gold on my own
Start finding gold on my own
Start finding gold on my own

Die like a cowboy, die like a cowboy
Die like a cowboy does

Make like a mayfly, fly for the day
Go into the home and start to decay
Make like a mayfly, fly for the day
Go into the home and start to

Today could be your day
Die like a cowboy, die like a cowboy
Today can be our day
Like a cowboy does
