

Willow Tree

Sorry

Let's go
Faint under the willow tree
Come carve in your name with me
Pick a daisy, pull my strings
Let's go
Faint under the willow tree
Come carve in your name with me
Pick a daisy, pull my strings

As the day drew over
I thought I had a flower
I realised too late after
It was buried in mud
The fuse blew over
The light, it was a dud
The fuse blew the white light
It was a dud

So let's go
Faint under the willow tree
Come carve in your name with me
Pick a daisy, pull my strings
Let's go
Faint under the willow tree
Come carve in your name with me
Pick a daisy, pull my strings

Will she love me, will she not?
Either way, it's gotta stop
She's under my, he's under my spell
Will she love me, will she not?
Either way, it's gotta stop
He's under my, she's under my spell

So let's go
Faint under the willow tree
Come carve in your name with me
Pick a daisy, pull my strings
Let's go
Faint under the willow tree
Come carve in your name with me
Pick a daisy, pull my strings
