

I came to mosh, to break, my fist across your face  
I came to rob and steal, and violate the place  
I bring the vibe, in the trench when I arrive  
Just to die, suicide  
Raiders getting really high, really high  
I put buckshots in my gauge, play satan in this game  
Put flechette inside my round, shoot needles in you face  
He said uh uh uh uh make your face pucker  
Yuh yuh yuh yuh make your face pucker  
Cigarette to the skin, let it burn let it burn  
Cigarette to the skin, let it burn let it burn  
I liketo moshpit, head knock, curb bite, face stomp  
I like to moshpit, head knock, curb bite, face stomp

Daddy was a gangsta I'm just like my dad  
Body in the trunk smelling like a diaper bag  
You be walking with a switch bitch like some type of fag  
I be walking wit the big dick all type of mags  
An my cup dirty  
Perc got me itching just like my butt dirty  
I be selling crack yea a nigga up early  
Blew 20 racks but the sleezy tuck 30  
Shooters like Steph curry  
Break ya fucking face wit a elbow to ya nose  
I'm a skate get away put the pedal to the floor  
Try to change but I can't even get it out my soul  
You could really fucking tell I'm the devil on the low

And I'm too paranoid, yeh!  
Cuz I think I need them tools  
Too paranoid, yeh!  
Cuz I'm looking for the tools  
Too paranoid, yeh!  
Cuz I think I need them tools  
I said I'm all about loots  
But I'm still off them pills and boof

I pop an addy, and my brain woke up
