SosMula

We gon' line em line em knock em down like dominoes  
Mafia style like sopranos  
40 cal like I'm Rambo  
I'm counting 40 thou rite on top of Lambos  
Hella bands hella bands  
Sold 5,000 pounds on on a telegram  
I'm dropping packs off like the mailman  
I count a million up like I got 12 hands

Got them junkies coming coming in and out in and out  
Got them bullets dumping dumping in and out in and out  
Got you pussies running running in and out in and out  
I took ya girl fuck her fuck her in her mouth in her mouth

Uh these others rappers got no motion  
I'm somewhere swimming backwards on the ocean  
Trapper, rapper, swag ferocious  
Big clapper make em scatter like some roaches  
Pistol gang with the dark tint  
We gon' split ya brain on the porch bench  
Blood dripping stains on the carpet  
Big clip exchange switch the cartridge  
Big big Glock 40  
Switch my name to buckshot shorty  
Tryna tryna suck cock shorty  
You gotta gotta hold my gun for me

Got them junkies coming coming in and out in and out  
Got them bullets dumping dumping in and out in and out  
Got you pussies running running in and out in and out  
I took ya girl fuck her fuck her in her mouth in her mouth

Got them junkies coming coming in and out in and out  
Got them bullets dumping dumping in and out in and out  
Got you pussies running running in and out in and out  
I took ya girl fuck her fuck her in her mouth in her mouth
