

Makin' Plans

Soul Asylum

Wild child, innocent child
Getting corrupted, learning to fail
Teenage dreamer, screaming streamer
Friend of women, becoming a man

Now he's makin' plans
Makin' plans, makin' plans
Makin' plans, makin' plans
Makin' plans

21, the damage done
Lost and found in trouble again
A family man, understands
Responsible man
I was makin' plans
He's makin' plans

You know he's makin' plans
Makin' plans, makin' plans
He's makin' plans, makin' plans
Makin' plans

Hey what you doing on Tuesday 3:47
Make up plan there's a change in plans
Make some plans for someday plans

Revelation, revolution
I just listen again and again
Holy shit, what's up with this
Like being a boy
I got to be a man
Let's make some plans

Come on and make some plans
Makin' plans, makin' plans
You gotta just make plans
Makin' plans, makin' plans
I'm tired and sober, please come over
Make some plans for makin' plans
I understand if you can't
