

Lemon Lime

Soul Coughing

But I have not seen it now or ever
Women descending on escalators
Coupled with this but also the same thing
Dolled up and spat out
So many dominations
I remember what you tasted like
A gumdrop
Lemon lime
And the numbers
on the rotary dial
Rewinding
Cinnamon driver
Big sexy jerk
Down in the murk
Of your mystery
That's me, swimming
Down in the water at the corner of your eye
That's me, swimming
