

Forgiveness In Solitude

Soul Embraced

A life found
In the loneliness of solitude
I feel as if I've never lived before

Dead inside all these years
You brought me life and made the pain cease
Brightened the dark
And gave me peace

Someday face to face, I'll weep
And kiss your feet forgiveness

Worship the lamb
Who was slain for thee
Tortured for all
To remove they misery

Whispers
Comfort
Realize God is with us.
