

Love Again

Soul For Real

I'm in love again
I'm in love again
Whoa whoa whoa whoa whoa whoa whoa whoa whoa

I'm in love again
I'm in love again
Whoa whoa whoa whoa whoa
I'm in love once again...

Them fire eyes
And that beautiful tone
It's no wonder babe
I can't leave you alone
And it's been awhile, since I felt this way
Baby I can tell (I can tell), that you feel the same
'Cuz I know (I know), that look (you know, you know), that feeling
That gets you all, round up inside
Girl I can see it in your eyes (I know, I know)
I know that you remember that this love will last forever
Can't see me with no one else, I hope you're saying to yourself

(Hook)
I'm in love again
I'm in love again
Whoa whoa whoa whoa whoa whoa whoa whoa whoa
I'm in love again
I'm in love again
Whoa whoa whoa whoa whoa
I'm in love once again...

I told myself I'd never love again (No)
Far too much heartache and pain
Never thought I could feel again
Done gave it my heart and my soul
Got me falling, back on this roller coaster ride
I know you feel the same way about me too baby
(I know) that look (you know) that feeling that gets you all wound up
Inside girl I can see it in your eyes (I know, I know)
You remember that this love will last forever
Can't see me with no one else, I hope you're saying to yourself oh-oh

I'm in love again
I'm in love again
Whoa whoa whoa whoa whoa whoa whoa whoa whoa
I'm in love again
I'm in love again
Whoa whoa whoa whoa whoa
I'm in love once again...

I told myself I wasn't going to do this no more
It feel so familiar I done been through it all
I told myself I wasn't gon to do this no more
And it, and it, feels like im falling and I
