Shut up, put one in the air
'Cause when I get it, I get it out everywhere
Serving and slinging, I'm not sitting scared
Elites don't fight fair, I got no time to care
40 years of Reaganomics, nigga, this what we get
Nigga, it is what it is, the world in service and shit
Deliver food we spit in, can't even cook for they kids
Yo, my nigga stay flipping gear in a pinch
Reselling, upselling, I'm telling you
Labor to get comfortable is only for the gullible
Shut your lip, cop a zip, or flip a shoe or two
StockX went retail off the riot loot
Ain't nun' as ugly as a balance in the red
I want bands on every politician's head
Fuck them niggas 'cause they stingy with the bread
We want blood instead, and you can tell 'em what I said, nigga

I thought I told you mothafuckas it's my blow, y'all niggas just living it
Gang gang gang gang gang gang
Nigga I'm so turnt (What if they give me a chance)
(What if I flip my advance)
All my real bitches (Over again till I can't)
Hurry the fuck up, nigga (And the world been touched by my hand)
Bitch!

Fuck being good, I'm a bad bitch
If he buying bags, I'ma fuck him like a savage
I be popping tags ''cause a bitch living lavish
Bitches gon' hate 'cause they know they can't have this, ya
Risking it all like a rockstar
Material girl, bitch, I'm coppin it all
That is a fact, I'm speaking that raw
Just my like bundles that flow to my drawls, uh

I'm back on my shit, don't you forget
I am that bitch, I'm popping my shit
Bitches talk slick, I pull out that stick
It give her a kiss, then it do a trick
It gotta be me if I'm rocking the Louis
They fuck with the drip and it's wet like jacuzzi
