

Don't You Dream

Soul II Soul

Don't go dreaming, don't you dream
Don't go dreaming, don't you dream without me
Don't go dreaming, don't you dream
Don't go dreaming, don't you dream without me

You, you showed me a world, I've never felt so sure
Gave, gave to me a feeling I never felt before
[Incomprehensible]

I'm addicted to the vibe that you bring
Want, want to be a part of the life you live
That's why I'm here

Don't you dream without me when I'm not there
Though we both know it's your bed I don't share
Don't you dream without me 'cause it wouldn't be bad
Dreaming is how we show that we care

You may not be the love that I can call my own
But when, when I dream these dreams
I know I'm not alone 'cause I have you

I'm addicted to the vibe that you bring
Want boy, want to be a part of the life you live
That's why I'm here

Don't you dream without me when I'm not there
Though we both know it's your bed I don't share
Don't you dream without me 'cause it won't be bad
Dreaming is how we show that we care

Here we are, lover
Wait for me, lover

You dream without me
Don't you dream without me when I'm not there
Though we both know it's your bed I don't share
Don't you dream without me 'cause it wouldn't be bad
Dreaming is how we show that we care

Don't go dreaming, don't you dream without me
