

## Scouring The Vile

Soulfly

Scouring the vile

A world of scars in the bleakest pit  
A refuge raped bred in human shit  
Invoke rewards to dull the pain  
To slay - in the name of revenge

Sickening

Concealed - behind my dying eyes  
I ripped you from me  
Choking on air  
Scouring the vile

Furious rage against the dying life  
Close your eyes, receive the host  
Neurotic waves, mentally enslaved  
All life slips away

The tumor grows, spreads his wings  
Degeneration of everything you know  
A frame of mind, dismal soul  
Immortalized in dying glow

Sickening

Concealed - behind my dying eyes  
I ripped you from me  
Choking on air  
Scouring the vile

Sickening

Concealed - behind my dying eyes  
I ripped you from me  
Choking on air  
Scouring the vile
