Titans

Soulfly

Fly, fly... Serpent and the lion
Winged son of Appolion
Rise, rise... Titans of the light
Immaculate divine
With wings like this I fly on the abyss
Return to the eve
Golden throne of Elohim
Slay the prophet's arteries

War
War of the titans
War
Titanomachy

Kronos, Koios, Krios, Prometheus...
Hyperion, Chaos, Tartarus, Zeus...

I, I the Messenger
I erupt the firmament
I, I ascend to Heavens
Sitting on the throne of hate
With claws like this in this symmetry
I cut my eyes and tore my wings
Impaled the Sun - Amen...
