

The sickness of the heart
Exposed to the flame
Bound and tortured
Pulled into nothing
Living predation
Descend into blackness
Sadistic the silence
Coiled in the wings of sacrifice...
Sacrifice

To martyr yourself
In a world of isolation
Your days are consumed
A life of slow decay
Wasting away
Persecuted, paralyzed
Behind these haunted eyes
No one speaks, no one tries

Totem
Idol of barbarity
Totem
Totem

Where were you
When I was bludgened helpless
Where were you
When I was tortured senseless

Totem
Idol of barbarity
Totem
Totem

Grotesque eternal eyes
Sunk in the edge of infinity
Land of sorrow
Shadows of the earth
I once prayed to the gods
Tragic fury
Grant us strength
To inhale eternity
Idol of barbarity
Plead for the end
