

Black Knight

Soulitude

High above the Earth there's something watching you
It's been for centuries the purpose is unknown
What is it doing there and where did it come from
Should we let it be or should we take it down

Send me a sign black night satellite
What do you want from me
Tell me what, are you looking for
Black Knight satellite

Orbiting around the earth through the unfriendly sky
Is it human made or from the outer space
Alien machinery to learn about our kind
Or just a pile of trash released by human race
