

Toxic Man

Soulitude

I drink the poison and I feel it running through my veins
I feed the parasites I grow in my gut
I eat the rotten flesh of genetic monstruosities
My lungs are burning by the fire and smoke

My brain is full of worms that lead me to insanity
Black is my heart can't you see it my eyes
Absorbing nuclear waste and every kind of toxicity
I swallow chemicals that keep me alive

There is a little monster right inside of me
Don't know if this is real or am I dreaming
I feel the venom flowing right under my skin
And you know my name, and you know my name
Toxic Man
