Soulja Boy

Hey, they crowning me  
They crowning me  
Come try it, baby come try it  
Come try it, baby come try it  
Come try it, baby come try it

Come try it, my diamonds are riot  
We slippin' and slide  
We ball till we fall  
We got so many racks to roll  
We got so many racks to roll  
My shirt by Louis Vuitton  
She think I'm the one  
Just a young nigga that went through the city  
Whippin' and flippin' them chickens  
I ride in the Bentley  
My niggas, they all from the country  
V-V-S diamonds and pussy cause  
I'm shinin', I'm stuntin'  
Yayo, yayo, all I know is yayo  
Whippin' them chickens  
Whippin' them chickens, no crisco  
We seeing money it's simple, rolex presidential

You know I'm official, she know I'm official  
You know I'm official, she know I'm official  
Baby come try it, baby come try it  
Baby come try it, baby come try it  
Baby come try it, baby come try it  
Come try it, my diamonds a riot  
We slippin' and slide  
Come try it, my diamonds are [?]  
We slippin' and slide
