Don't nothing move but the money  
Don't nothing move but the money  
She twerkin' that thing for the money  
She makin' it work for the money

Don't nothing move but the money

Don't nothing move but the money  
She twerkin' that thing for the money  
She makin' it work for the money

Don't nothing move but the money  
Don't nothing move but the money  
She twerkin' that thing for the money  
She makin' it work for the money

Baby is you down?  
Baby is you fuckin' with me?  
Keep it on the low, ain't nobody fuckin' with me  
These girls ain't loyal, and everybody know it  
Got \$100, 000, and now I'm 'bout to blow it  
She twerkin' it, she twerkin'  
She twerkin' it and she workin'  
And I like it  
She twerkin' it and she workin'  
And I like it  
And I pull up  
And she can't fight it  
She twerkin' it and she workin'  
And I like it  
And I pull up  
And she can't fight it  
I'm swaggin'  
And she likes it  
And she lookin' at my diamonds  
Yeah I'm icy  
And I'm icy

I can't sleep  
I can't walk  
I can't breathe  
I can't talk  
I got 100000 on this morning  
And the boom in the morning

Don't nothing move but the money  
Don't nothing move but the money  
She twerkin' that thing for the money  
She makin' it work for the money

Don't nothing move but the money  
Don't nothing move but the money  
She twerkin' that thing for the money  
She makin' it work for the money

Don't nothing move but the money  
Don't nothing move but the money  
She twerkin' that thing for the money  
She makin' it work for the money

Don't nothing move but the money  
Don't nothing move but the money  
She twerkin' that thing for the money  
She makin' it work for the money
