Suicide those
Let's take a toast
I made the most
I travel by the coast
I don't got a boat
I'm whippin' all over the stone
Shut out my plug
We on it
We on it

Pull up in a drop head, they know that we guap head
I'm running around with the check
Cuban link, water whip on my neck
Young soldier smokin' up on the jet
I'm feeling like DJ Khaled nigga we the best
I run through the city, I got a check
Standing on the yacht and I know that I'm rich
Rare ruby by the main wrist
Pistol and passport up on my hip
AP, diamond's dance
Oh, hard 3 D shine

Drop head phantom
Human lame, diamonds dance
In a drop head phantom
I'm a soldier blessing for Tony Montana
Soldier, soldier

These niggaz on me
I was far I got to Atlanta
No I'm a call him
But we got the club going up
No changing the channel
We hang up the banners
We winning, we winning
On the clouds we be surfin'
Bitches be under my surface
Hope you get no reception
You're out of service
Your nigga be rollin'
Guess he be lookin' for balls
But I'm lookin' for dollars
Young nigga don't got them
Send them home
Who a billionaire?
That's a true bitch weakness
We layin' on beaches
We playin' the game up in the bleaches
This is the score that you can't beat us
We takin' them trophies and having them speeches
Pick out the rings on our fingers

Drop head phantom
Human lame, diamonds dance
In a drop head phantom
I'm a soldier blessing for Tony Montana
Soldier, soldier
