Make It Rain

Soulja Boy

Yaah, soulja
Heey

I just spent 10 on a whole thang
Ridin through the city and the car swang
10 thousand dollars for my pinky ring
And she all on me cause' I'm in the game
I just spent 10 for the whole thang ya, make it rain
Walk inside the club and just make it rain
Walk inside the club and just make it rain

I just spent 20 for the whole thang
Call on my jeweller that's a new chain
In a lamborghini and I'm switching lanes
And your girl on me cause' I'm in the game
It ain't nothing to me I just make it rain
She just drop it down while I'm switching lanes
She just twirl everywhere I'm gettin' cake
Every club I'm hitting on I'm getting cake getting cake

I just spent 10 on a whole thang
Ridin through the city and the car swang
10 thousand dollars for my pinky ring
And she all on me cause' I'm in the game
I just spent 10 for the whole thang ya, make it rain
Walk inside the club and just make it rain
Walk inside the club and just make it rain

She just all on me cause my ice chain
She wanna fuck my car she wanna fuck my rims
She wanna suck my chain
She in love with my ring
I just hit the block and I make it rain
Shout out to the squad shout out to the gang
Pull up to the club and I fire flame
Spent a 100 thousand on a cuban link

I just spent 10 on a whole thang
Ridin through the city and the car swang
10 thousand dollars for my pinky ring
And she all on me cause' I'm in the game
I just spent 10 for the whole thang ya, make it rain
Walk inside the club and just make it rain
Walk inside the club and just make it rain
