Ops, get to running
If you ain't ready to go to war you ain't know nothin'
Big chain on my neck
You niggas ain't got nothin'
In a Lambo truck
But I wish they drop a new Hummer
ATL, Zone 1 Draco on my Roadrunner
Put me in the middle of the trap
I'm a do-number
Badass bitch
And she look just like Pocahontas
Make that chopper pop
Just like Yokohoma
Whip it with the skillet I got digits
Nigga I'm doin' numbers
Yo, niggas think they in
They don't know nothin'
Don't know nothin'
Big chopstick, I hold a whole hunnid
Westside, Zone 1 Nigga, we stand on business
Big chopstick, gettin' a hint
All through his kidney
Spend hot blocks, nigga
Now we don't leave no witness
Snitch ass nigga I don't need no fuckin' code of business
Lamborghini urus and it cost me a pretty penny
40 been in a Lambo with no chops
And switches in it

When I pay cash for that Bentley
