

## Trap

Soulja Boy

Young nigga trappin, I slide through the city  
Young nigga trappin, I had to get it  
Jump out the jet, and I run up a ticket  
All of my young niggas with me, you know that they with it  
FNN, it shoot at his face  
Lamborghini coupe, it's winning a race  
Real shit nigga, don't play about gang  
SODMG, put this shit in my chain

Stacks On Deck Money Gang, know what I claim  
The fuck nigga? Don't play with my gang  
Trappin' them bricks, and you know it's insane  
Walk in the club, and I make it rain  
VVS rollie, that bust down  
Shout out to squad, you know it's a touchdown  
Get out the bricks, soon as I touch down  
Run up them racks when I slide through yo town  
Young Drako, nigga you ain't know nothin' bout me  
Play with the gang, then we sweep up the whole street  
He want a feature, I hit him with a feat'  
Made history, I know they remember me  
Bust down when I ride through the street  
Lame ass nigga tryna be like me  
Young nigga on SODMG, PTE  
Hundred K in one day, that's just me

Young nigga trappin, I slide through the city  
Young nigga trappin, I had to get it  
Jump out the jet, and I run up a ticket
