

## Make Your Mind Up

Souls of Mischief

Eruptions, and rustin'  
When I'm thrustin'  
Cuts men  
Into microscopic particles  
Molecules, atoms  
Attack 'em, hack 'em  
Never slow, never slack  
I'm invincible, flow is intense at fools  
Who know not, flow not like this wizard  
Ya play with it, riddle  
Widdle a hole in ya dome  
And pull out ya gizzard  
Trachiotomy  
I slaughtta the  
Watery-weak  
Ya slips, there's a slobbly geek  
Niggaz tweek  
When I speak  
They retreat,  
Rethink what was spoken and then repeat  
My feat  
Of inhuman capabilities  
Rape and pillage emcees  
Then I kill emcees  
Who have no style  
I file niggaz down to the cuticle  
Who can feel my foot prints  
Soot gets kicked in your eye, beautiful  
Blinding, Winding  
Up and change-ups  
Rearrange punks  
When I drops, kerplunk!  
Rip chunks  
Out the mic  
And then digest  
Why test?  
I'm cavin' in your chest when I express  
Myself  
Extreme confusion  
You think you're losin' your mind  
'cause my rhyme cuts holes like a nine  
Tajai, two syllables - easy!  
With ease, we, seize thee, butt emcees be  
Cause they come wacker than batman sound effects  
I ground your text, but vertebrae wack I pound your necks  
Sally bone, I be prone to rip shit, likely  
Believe it or not, believe it I got the cock-D  
Cacophony  
I cap the phonies, so there is no needs for me  
Your attempts deceive us  
And pimps know I be  
Excel irate  
And on that scale  
That's fail  
The countenances  
Of countless knit-wits  
Who wish this

With mis hits  
But this shit is equipped with  
Homin' devices that are precise as they get, kids  
Target's stuck to foes who pose muchly  
Fronts be phucked and  
Punk nuts, why gets amongst thee  
Punks, we often cross  
When soft men  
Is the image portrayed to them  
Spinach is no saviour when  
I +Popeye's+, all of the guys feel my brutish  
Strength, and +Wimpy's+ see haggard futures  
Don't tempt me, shrimps we skewered on the barbie  
My foot has found wit in ya  
Is there any dilemma?  
Yo- hardly
