

## Loud Love

Soundgarden

There's no time to keep it low  
I've been deaf now I want some noise  
You stay down  
but I won't be quiet  
I'll hammer on until you fight

If you've got som time to kill  
Slow resisitance wins the war  
Well I know  
But that's no way to go  
You can't resist the louder pull

Loud Love

Well that's right  
I want something to explode  
I've been deaf  
Now I want noise
