

# Breaking Away

South

Running from the sun  
Be in everybody's song  
There's not long to go  
Now you proved me wrong

On your fastest roll  
You still find time I hope  
To open eyes  
Go the right way home

I'm breaking away  
Alone

On your fastest roll  
You still find time I hope  
To open eyes  
Go the right way home

So you come undone at home  
And it's time to take control  
I said it years ago  
Time we done what we're told

I'm breaking away  
Alone
