

Nicotine lovers

Southpaw

You and I - the nicotine lovers
We've got so many sisters and brothers
You and I- the great inhalers
Life is just a song on our playlist
Our breath is short
Our lungs are dirty
We all started at the age of 13
You and I - the health directors
Health professors
Health inspectors

You and I - the nicotine lovers
It really got us!

You and I - just look around us
The velvet clouds of smoke surround us
This way we're safe
The evil people will never find us
Don't you think it's beautiful?!
