

## Fanny Mae

### Southside Johnny & The Asbury Jukes

Said I want somebody to tell me what's wrong with me  
Said I want somebody to tell me what's wrong with me  
I feel so much trouble, I got such a misery  
Yes I do

And I can hear your name a ringin' all down the line  
I can hear your name a ringin' all down the line  
I wanna know do you love me  
or am I just wasting my time  
I wonder

Fannie Mae, baby, won't you please come home  
Fannie Mae, baby, won't you please come home  
Let the seventh debt I cover  
I don't wanna be alone

I know, whoa, poor me  
I know, whoa, poor me  
Said my heart is through with trouble  
It's such an aching misery
