

A Faster Way To Travel

Space

Gotta get away from expanding cities
Gotta get away from lazy head-down dreams
Gotta get away from fantastic hallucinations
Can't you see I need a rocket up my arse?
I need to go so much quicker
I need to go so much quicker
I need to go so much quicker now

I need a faster way to travel
Let's talk about a faster way to travel
Show me a faster way to travel
Let's talk about a faster way to travel

Gotta get away from this fairy land
Gotta get away, it's being torn to pieces
Gotta get away from benign indifference
Can't you see I need a rocket up my arse?
I need to go so much quicker
I need to go so much quicker
I need to go so much quicker now

I need a faster way to travel
Let's talk about a faster way to travel
Show me a faster way to travel
Let's talk about a faster way
Way

Faster, faster, faster, faster...
Fast fast fast fast!

I need a faster way to travel
Let's talk about a faster way to travel
Show me a faster way to travel
Let's talk about a faster way to travel

I need a faster way to travel
Let's talk about a faster way to travel
Show me a faster way to travel
Let's talk about a faster way to travel
