

Blow Your Cover

Space

Blow your cover and be discovered
Don't be scared cause you gotta be heard
Find a lover be whatever
If they're wrong then find another

From A to B you've pressured me
I'm everything that you want me to be
When all I ever wanted was your carnal knowledge
From A to B you've pressured me
I'm everything that you want me to be
When I ever wanted was your paycheck

Exert or even flirt
Be ruthless and you'll never get hurt
Roll them over then send them home
Just fake it and then disown

From A to B you've pressured me
I'm everything that you want me to be
When all I ever wanted was your carnal knowledge
From A to B you've pressured me
I'm everything that you want me to be
When I ever wanted was your paycheck

Confrontation is my vocation
I'll sell you out of that have no doubt
My expression it never for changes
But if it does then you better beware

From A to B you've pressured me
I'm everything that you want me to be
When all I ever wanted was your carnal knowledge
From A to B you've pressured me
I'm everything that you want me to be
When I ever wanted was your paycheck
