

# Camerman

Space

I'm not gonna survive this  
My life is over  
Electric shock  
And superglued eyes

(Why do you do it)  
I do it cos I can  
(Why do you do it)  
Cos god made me as I am

And I am the cameraman  
And I am the cameraman

My trick is a quick one  
I spin my web fast  
You want your picture taken?  
Forget your past

(Why do you do it)  
I do it for the fame  
(Why do you do it)  
Cos my life is so lame

And I am the cameraman  
And I am the cameraman

D'you wanna be a model?  
My number one?  
D'you wanna take a ride on my firebird?

(Why do you do it)  
I do it cos I can  
(Why do you do it)  
Cos you made me as I am

And I am the cameraman  
And I am the cameraman
