

One man waiting at the station
Two men with a look of aggravation
Three men, four men, five men, six men
Coming my way
One man looking like a pitbull
Two men, I think I've got my hands full
Three men, four men, five men, six men
Eat me alive

I'd appreciate you
I'd appreciate you
I'd appreciate you
Standing by me in a crisis
Crisis, crisis

One train, arriving at the station
Two trains, now I'm getting impatient
Three trains, four trains, five trains, six trains
You're not on board
It's 1 o'clock, it's one in the morning
It's 2 o'clock, I wish I had some warning
3 o'clock, 4 o'clock, 5 o'clock, 6 o'clock
Hospital beds are calling

I'd appreciate you
I'd appreciate you
I'd appreciate you
Standing by me in a crisis
Crisis, crisis

What shall I do, what shall I do?
What shall I do, what shall I do?
What shall I do, what shall I do?
What shall I do, what shall I do?

I'd appreciate you
I'd appreciate you
I'd appreciate you
Standing by me in a crisis
Crisis, crisis

I'd appreciate you
I'd appreciate you
I'd appreciate you
Standing by me in a crisis
Crisis, crisis

Standing by me
Standing by me
Standing by me in a crisis
