

## Day of the Dead

Space

I kissed that señorita on the Day of the Dead  
I kissed that señorita on the Day of the Dead  
Like a tornado up to the sky  
Or a meteorite down to earth  
Her kiss was the kiss, the kiss that I'd missed  
All my wasted life  
Mariachi skeleton, skeletons played  
Throughout the night  
Mescal and blood flowed through my veins  
Gave in without a fight  
I kissed that señorita on the Day of the Dead  
I kissed that señorita on the Day of the Dead  
The sandman won't come to cold staring eyes  
For everlasting sleep  
And if I die, this Day of the Dead  
Her kiss was mine to keep  
I kissed that señorita on the Day of the Dead  
I kissed that señorita on the Day of the Dead  
Mi beso es el beso  
El Día de los Muertos  
Celebrate me now  
For a kiss is never lost  
I kissed that señorita on the Day of the Dead  
I kissed that señorita on the Day of the Dead
