Space

Wow I never knew she was a lava flow
If I had of known
It would be a place I'd never go

Wow I never knew she was a lullaby
If I had of known
I would sing her praises to the skies

Wow I never met such fire in my life
If I had of known
It would be a place I'd never go

Wow I never knew she was a lullaby
If I had of known
I would sing her praises to the skies

Wow I never knew she was a lava flow
Wow I never met such fire in my life
Wow I never knew she was a lullaby
Wow I never met such fire in my life
If I had of known
