Space

(And we invite you to come in now to see the world of wonders..
.)

If you'd be so kind as not to read my mind
I know you wouldn't like it there, don't know what you might find

We're all rejects class one idiots
We're all fools who will never be cool
We're all rejects class one idiots
We're all fools who will never be cool
Oh yeah oh yeah oh yeah

Don't how I made it be so complicated
Through my life so far I've been so aggravated

We're all rejects class one idiots
We're all fools who will never be cool
We're all rejects class one idiots
We're all fools who will never be cool

I'd rather chop you up in firewood
I'd rather see you in a pool of blood
I'd rather chop you up in firewood
I'd rather see you in a pool of blood

Oh yeah oh yeah oh yeah

We're all rejects class one idiots
We're all fools who shall never be cool
We're all rejects class one idiots
We're all fools who shall never be cool

Yeah oh yeah oh yeah oh yeah

We're all rejects (yeah)
We're all rejects (oh yeah)
We're all rejects (oh yeah)
We're all rejects (oh yeah)
