

Spooky Bitch

Space

I won't sleep so you're safe at night
I can save you from a spider's bite
I'm kind of good for you
And you're kinda good for me

I'll be your number one spooky bitch
Spooky bitch
I'll be your number one spooky bitch
Spooky bitch

I can make believe I'm your one-night stand
I can do kinky, now if you demand
I'm kind of safe with you
And you're kind of safe with me

I'll be your number one spooky bitch
Spooky bitch
I'll be your number one spooky bitch
Spooky bitch

You can kiss my cross
And kiss my feet
And don't compete
And don't compete
Kiss my faith
And kiss my arse
Admit defeat
Admit defeat

I'll be your number one spooky bitch
Spooky bitch
I'll be your number one spooky bitch
Spooky bitch

I'll be your number one spooky bitch
Spooky bitch
I'll be your number one spooky bitch
Spooky bitch
I'll be your number one spooky bitch
Spooky bitch
I'll be your number one spooky bitch
Spooky bitch
