

## Cool Water

Spacehog

When I dream, I dream of you  
If I cry, I cry for you  
Takes more than sacrifice to put my love to rights  
It disappears just like the dew and cool water in you...  
There's cool water in you...

If I die, I die for you  
And if I'm wrong we'll know it's true  
Takes more than sacrifice to put my love to write  
It disappears just like the dew and cool water in you...  
There's cool water in you...

When I dream, I dream of you  
If I cry, I cry for you  
Takes more than sacrifice to put my love to rights  
It disappears just like the dew...  
There's cool water in you...

And when I dream, I dream of you
